

Accessing the Blue Prism Training Environment

Learning Edition

DIGITAL DELIVERY

The Learning Edition lets any user access the Blue Prism Training Environment on their Windows desktop.

Access the Blue Prism Digital Exchange and sign in using your Blue Prism Portal account. Search for and click *Learning Edition*, click *Get License* and submit your details. Once completed you will receive an email containing the next steps.

After installing the Learning Edition, follow the steps in the *Foundation Training Setup Guide* in Section 1 of this course, to complete the configuration of your Training Environment.

Search for Learning Edition through the DX (you must be a registered user to access):
digitalexchange.blueprism.com/dx/

Using a Mac?

You can sign up for a Microsoft Azure 30 Day Trail available through the DX and then complete the Foundation Training through the Azure Virtual Machine.

The trial will provide you with access for 30 days; you can also sign up for the Learning license and install this in the Trial Environment to provide 90 days access.

Search for Microsoft Azure through the DX (you must be a registered user to access):
digitalexchange.blueprism.com/dx/

Authorized Training Partner (ATP)

CLASSROOM DELIVERY

Authorized Training Partners (ATPs) are pure-play training companies and delivery partners, which deliver Blue Prism training as instructor-led courses.

ATPs extend the Foundation Training offered on the Blue Prism Learning Management System (LMS), via the inclusion of additional exercises and modules.

A list of current ATPs can be found on the Blue Prism Portal:
portal.blueprism.com
